CONSENT FOR PERITONEAL DIALYSIS TREATMENT
AND EMERGENCY MEDICAL TREATMENT

Camper's Name: _____

PERITONEAL DIALYSIS TREATMENT

I am the parent or legal guardian of the minor child listed above in Camper Information. (If I am a legal guardian, I understand I must submit the court order regarding appointment of guardianship of the child before this consent may become effective.) I understand that a dialysis nurse from my child's clinic will provide peritoneal dialysis treatments for my child while he/she is a camp resident at Camp Okawehna. If, however, assistance is needed by my child and/or their dialysis nurse, I consent for Dialysis Clinic, Inc. ("DCI") to assign an attending physician and nurse ("caregivers") to aid in my child's peritoneal dialysis treatment.

I have been advised by my child's physician that he/she has chronic renal failure, which requires dialysis to carry out the functions that my child's kidneys are no longer able to perform. One form of dialysis is peritoneal dialysis, which my child's physician has fully explained to me its nature, purpose, risks, possible and likely consequences or complications, as well as alternative methods of treatment including but not limited to (1) in-center hemodialysis; (2) home hemodialysis; and (3) transplantation.

I understand that in addition to the particular risks of dialysis treatment, there are specific ones associated with peritoneal dialysis, including but not limited to, peritoneal infection, technical problems related to peritoneal catheters, loss of body protein with dialysate, the possibility of hyperlipidemia (high levels of fat in the blood), and weight gain associated with the use of glucose containing dialysate. I recognize that my child will be dialyzing with equipment and/or a procedure known as Continuous Ambulatory Peritoneal Dialysis (CAPD) or Continuous Cycling Peritoneal Dialysis (CCPD). I understand the risks and benefits to CAPD and CCPD as explained to me by my child s physician.

I understand that the caregivers will follow the prescribed treatment by my child's physician and if requested, will assist my child with instilling dialysis solutions into their peritoneal cavity, draining the dialysate from their body, connecting or changing any tubing, collecting blood and dialysate samples, adding medication or undergoing any physical examinations. At the same time, I understand that if my child fails to follow their prescribed treatment this could lead to complications, including, but not limited to, peritonitis, fluid overload, inadequate dialysis, potassium overload, anemia and in some cases death. I recognize that I have the option to refuse for my child to undergo any type of treatment. However, I also understand that if I refuse any treatment on behalf of my child, DCI can no longer meet my child's needs and he/she must leave Camp Okawehna immediately and return to my care.

EMERGENCY MEDICAL TREATMENT

I also consent to any emergency medical care and treatment for my child. I understand and agree that if DCI deems that my child needs emergency medical treatment, DCI will utilize Hickman County emergency services for ambulance transportation to a hospital. If DCI deems that ambulance transport is unnecessary, but emergency medical treatment is needed, DCI will transport my child by car to a local hospital. I agree to indemnify and hold DCI harmless from any and all claims, damages, liabilities, judgments, including reasonable attorney fees, arising out of emergency medical treatment sought and provided to my child. Any changes not covered by my insurance will be billed to me by the facility providers care to my child.

MY SIGNATURE BELOW ACKNOWLEDGES THAT (1) I HAVE READ, UNDERSTAND AND AGREE TO THE STATEMENTS SET FORTH IN THIS DOCUMENT; (2) A CAREGIVER HAS EXPLAINED TO ME ALL INFORMATION REFERRED IN THIS DOCUMENT; AND (3) NO GUARANTEES OR ASSURANCES CONCERNING THE RESULTS OF ANY PROCEDURE OR TREATMENT HAVE BEEN MADE.

CAMP OKAWEHNA COVID-19 TESTING CONSENT FOR CAMPERS

Camp Okawehna (Camp O) is taking measures through its COVID-19 mitigation plan to help keep our camp community safe. The mitigation plan includes COVID-19 testing in the event a child is symptomatic or the Camp O care team determines that a child needs to be tested due to contact with another camper positive for or is suspected to have COVID-19. If your child's test results are positive, you will be contacted and the camp medical staff will take necessary steps to maintain a safe camp environment.

Although important, the mitigation plan cannot eliminate the potential for exposure to COVID-19 or any other illness while at camp. Additionally, please remember that you need to have your child tested for COVID-19 within 72 hours prior to their coming to camp and provide the negative result of the test to your city group leaders before coming to the camp with your city group.

We are requesting your consent as parent or guardian to test your child for COVID-19. This COVID-19 Consent Form supplements the Camp O Camper Application packet, including its Permission for Camp Attendance and Release of Liability.

Testing will be a diagnostic antigen or PCR test for COVID-19.

Information about your camper and his or her test results will be shared with and among certain agencies and providers to support the testing program, for public health purposes, for use of Camp O staff to use in facilitating treatment for your child, if necessary, for use implementing isolation, quarantine, or other changes to your child's camp experience, and for contact tracing in order to reduce further infections. Sharing of information about your child will be done in accordance with applicable law and our policies protecting camper privacy.

CONSENT FOR TESTING

By filling out the form and signing below:

- I consent for my camper to be tested for COVID-19 infection.
- I understand that this consent form will be valid through my child's stay at camp.
- I understand that my camper's test results and other information may be disclosed as specified above and as permitted by law.
- I have signed this form freely and voluntarily, and I am legally authorized to make decisions for and consent on behalf of the camper named below.
- I understand that if I am 18 or older or may otherwise legally consent for my own health care, references to "camper" refer to me and I may sign this form on my own behalf.
